

DENVER VOTERS TO PASS ON CITY BONDS

(By Associated Press.)
DENVER, Colo., May 12.—In addition to bond issues totaling \$3,850,000, the voters of Denver on May 20 will pass on five proposed changes in the city charter.

The bond issues, which will be voted on only by taxpayers would provide \$3,000,000 with which to construct a new city hall and court house on property adjoining the Civic center on the west and thus form a "balance" to the state capitol which stands east of the Civic center. The remaining \$850,000

would be used to construct a tuberculosis hospital and provide additional facilities at the county hospital.

The charter amendments would modify the present mayor's form of municipal government under which the mayor has unusual powers, would provide for a commission to supervise the construction of the proposed city hall and court house, increase the pay of city firemen and policemen \$25 a month, extend the civil service clause of the charter to include all city employees and decrease a public utilities commission to regulate rates on public utilities in the city.

The most revolutionary of the proposed amendments is the one affecting the form of municipal government. In addition to providing for the mayor and sixteen councilmen, the amendment would make eight of the executive officers of the municipality elective instead of subject to appointment by the mayor, as at present.

ATHLETES BACK FROM OVERSEAS

(By Associated Press.)
SAN FRANCISCO, May 12.—Among the well known Pacific Coast athletes who recently have returned from overseas service with the American forces are Captain William J. Coyle, for four years, an all-around star at the University of Washington, and Lieutenant Paul Clark, a University of California football player. Both men served with the 36th Infantry in the Argonne fighting.

Professional baseball players who are back again include Sergeant Howard Mundorf, former fielder for the San Francisco club, Matt Hynd, a pitcher of the Northwestern outfit, Carl King, catcher and manager for the Baker City team, and Bill Meyer, Seattle pitcher.

MAKING IT SAFE FOR LARGE SHIPS

(By Associated Press.)
PETERSBURG, Alaska, April 15.—(By Mail)—So that larger vessels may use Wrangell Narrows, one of the most dangerous pieces of water in the north, without waiting for extreme high tides, a movement has been started in Southeast Alaska urging the dredging of the Narrows. Mails and freights to points in this section, it is pointed out, have been delayed and endangered by storms and insufficient water in the Narrows which has often compelled large vessels to make a long trip around the Narrows.

LONE MOUNTAIN GROUP TAKEN UP

The Carl Young Syndicate recently purchased a group of seven claims in the foothills east of Lone Mountain and about 10 miles from Tonopah from Cliff Stewart of Millers, at a price which is understood to be \$100,000 and a large block of stock.

Plenty of water is available on the ground for milling purposes and there are two shafts sunk on the vein that open up a strong ledge of high grade gold ore which shows a width of six feet in places. A grab sample of this ore from one of the dumps returned a value of \$20.10 in gold. The vein lies in a contact between lime and schist and very favorable reports have been given by engineers who have examined the property.

The present plans are to sink a shaft at least 200 feet on the vein before cross-cutting. A company is now in process of organization and a limited amount of stock will be offered in Tonopah within ten days. A majority of the shares will be placed in the east. The new district will be known as the Mizpah Divide Mining district and the parent company will be called the Kickapah Divide Mines company.

POOR SHOWING OF STANFORD

(By Associated Press.)
SAN FRANCISCO, May 12.—The fact that Stanford finished third in both the varsity and freshman struggles in the recent triangular basketball tournament against the University of Washington and the University of California was a disappointing surprise to the adherents of the cardinal who had anticipated finishing first in both events.

Stanford dropped into third place before the varsity tournament had pulled a score of strokes. "Watch 'em as soon as they get into their stride," confidently remarked a young man wearing a liberal hourglass of Calumet cigarettes. When his crew finished nearly a dozen lengths behind he was nowhere to be found.

FEATHERWEIGHTS FINISH UP TRAINING FOR TUESDAY'S FIGHT

SAN FRANCISCO, May 12.—The boxing world will be interested in the fact that the featherweight champion of the world, Harry Grogan, is in superb condition and is in superb condition.

GOLF GROWING IN POPULARITY

(By Associated Press.)
SAN FRANCISCO, May 12.—The growing popularity of golf here is attested by the fact that the municipal golf links becomes so crowded with players at times that golfers are casting about with a view to interesting the city fathers in providing an additional course. It is only six or seven years ago that the municipal course was provided. Golfers who played on the course at that time say that only a half dozen players would be seen on the links.

FRENCH FOURTH JULY WILL BE A BIG DAY

(Correspondence Associated Press.)
PARIS, April 18.—France's national day, the 14th of July, will witness the scene of patriotic fervor probably unparalleled in the history of the republic, for that is the day, approximately agreed upon as most appropriate for the grand march of the victorious French army through the streets of the capital.

The program is already beginning to assume definite shape. The march will be from the Porte Maillot, at the main entrance to the Bois de Boulogne, through the Arc de Triomphe, along the Avenue des Champs-Elysees, the Place de la Concorde and the Rue de Rivoli to the Place de la Republique, a distance of some eight miles.

The general outlines of the scheme of decorations have been arranged by a body called the French Federation of Mobilized Armies of the War 1914-1918, and a festival committee of 40, appointed by M. Lefevre, minister of public instruction, has approved the scheme submitted.

At the Porte Maillot, between high pylons, tribunes will be erected where the city fathers will welcome the troops of Verdun and the Marne. Along the Avenue des Champs-Elysees, decorative plaques will commemorate battles, the names of which are household words throughout the world.

No superfluous decoration will mar the architectural beauty of the Arc de Triomphe, but the vast space where twelve noble arches converge will be made into one vast open theater for thousands of spectators. Dressed in a profusion of flowers and flags, the Avenue des Champs-Elysees will no doubt offer a more brilliant spectacle. A magnificent choir, rising from the balconies of houses, will herald the victory and peace will be erected on the Terrace des Feuilles.

LOCATION BLANKS in triplicate. In book form, on sale at Bonanza of the

P & B Roofing Paper

LOTHROP-DAVIS CO.

Goldfield Hotel

Single accommodations to take care of the crowd. Stage leaves Goldfield Hotel at 8:30 a. m., 1:30 and 5:30 p. m. Returning, leaves Tonopah at 8:30 a. m. and 1:30 and 5:30 p. m.

THE CLARK DIVIDE MINING COMPANY

Incorporated for 1,500,000 Shares, Owns 120 Acres

BOOKS OPEN FOR STOCK SUBSCRIPTION AT MIZPAH HOTEL

Hundreds of mining men have visited the scene of the new strike made by Thomas J. Clark in the south end of Klondike Divide district during the past week and it seems to be the general opinion that another of the big mines has been discovered. Although work has only started, further sampling of the big ledge running through the property for 2600 feet indicates that the first assays taken running from \$51.00 to \$278.60 per ton was no mistake and those interested are, if possible, more than ever enthused over the possibilities of this great gold property.

The first allotment of stock is offered in Tonopah at

15c per Share

WE BELIEVE THIS TO BE ONE OF THE GREATEST OPPORTUNITIES FOR QUICK PROFITS

Applications will be made at once to list the stock on the San Francisco Exchange.

THE COMPANY'S ENGINEERS ARE ALREADY ON THE GROUND AND THE MANAGEMENT IS GETTING READY TO SPEED UP WORK IN ALL DEPARTMENTS

The officers and directors are

DR. R. W. MARTIN, President, Las Vegas, Nevada, owner of the largest manganese property in Nevada.

CHARLES R. TOPPING, Vice-President, Well known mining man and engineer, of San Francisco, Cal.

C. P. CAMPBELL, Secretary-Treasurer, Mining and oil operator, Los Angeles and Denver.

THOMAS J. CLARK, Director, Mining man of San Pedro, Cal.

CLARENCE L. PUTMAN, Director, Tonopah and Manhattan operator.
